

Audio System

- An external amplifier and 9-speaker Pioneer premium sound system is now available as an option for Europe models. For the head unit, either the in-dash 6 CD changer with built-in radio receiver or the 7-inch wide LCD screen with radio receiver, external CD changer and navigation system can be selected.
- A CD player with built-in radio receiver and 6-speaker system is available as an option for Australia, G.C.C. countries, and general countries. It is also possible to make an external CD changer available as an option.
- An AM/FM antenna that is printed on the glass is standard equipment for all models. In addition, a diversity antenna with an added FM sub-antenna is available as a set option with the head unit.
