

HIACE S.B.V.

OUTLINE OF NEW FEATURES

The following changes are made for the new Hiace S.B.V.

1. Model Line-up

The Australia model with the 2RZ-E engine (RCH12R-RBMREQ, RCH22R-RBMREQ) has been discontinued.

2. Exterior

The following new exterior colors have been added.

Added Color No.	Added Color Name
1E7	Silver Mica Metallic
6S3	Dark Green Mica Metallic
8P4	Dark Blue Mica

3. 2KD-FTV Engine

A segment conductor type alternator has been adopted.

4. Power Steering Vane Pump

A new power steering vane pump has been adopted for the 2KD-FTV engine model.

5. Seat

- The three-passenger front seat has been discontinued on the models with the 2KD-FTV engine and the DX grade model.
- The seat frames of the rear No. 1 seat and the rear No. 2 seat have been reinforced.
- A seatback lock has been newly provided on the rear No. 2 seat.
- The center armrest of the rear No. 2 seat has been discontinued on the GL grade model.

6. Seat Belt

Rear No. 1 and No. 2 center seats have adopted a 3-point ALR (Automatic Locking Retractor) and ELR (Emergency Locking Retractor) type seat belt on the DX grade model and GL grade model.

7. Combination Meter

- On the left-hand drive model for Europe, the lighting of the combination meter has been changed to provide nighttime illumination when the daytime running lights are operating.
- On the left-hand drive, automatic transmission model for Europe, the lighting of the shift indicator has been changed so that the D position does not dim when the daytime running light is operating.
